

On a mobile device, I conveniently saw my family physician without taking time off from work or driving across town.

Using Novari eRequest, I showed Sam his referral options, then sent his referral electronically to an appropriate surgeon with all of the necessary information.

My office received, triaged and accepted Sam's referral electronically while automatically informing his primary care physician of Sam's referral status.

Wait time for

endoscopies, etc.

Novari ATC™

surgeries,

When I had my appointment with the surgeon, he added me to his Novari wait list software and accurately estimated my date of surgery. After seeing Sam and deciding to proceed to surgery, we simply moved him onto our Novari surgical wait list A few months later, using our Novari ATC system, we "eBooked" him into the hospital scheduling system.
